Helping Children Return to School with Pride

Each year, Vista del Camino, Concerned Citizens for Community Health (CCCH) & the Police Officers of Scottsdale Association (POSA) partner together to assist **800** low-income Scottsdale children through the Annual Back to School Program.

The program is designed to meet the needs of Scottsdale school children in grades Kindergarten to High School by providing a new set of clothes that includes jeans, a top, socks, underwear, a pair of shoes, a backpack and school supplies... *Helping Children Return to School with Pride!*
